Enloe Pharmacy Prices

CLASSIC PLAN MEMBERS: (up to 30-day supply)*	VALUE PLAN MEMBERS: (up to 30-day supply)*
Generic: \$5	Generic: \$10
Formulary: \$10	Formulary: \$20
Non-Formulary: \$30	Non-Formulary: Not Available

*90 day supplies are available at Enloe Pharmacy

This formulary is reviewed regularly for quality and efficacy, and is designed to offer drugs in the majority of drug classes. If you wish to save money, often a generic drug is available for a brand name prescription your physician may prescribe. Keep this formulary available for your reference, and bring it to your doctor's appointment when you may be receiving a new prescription.

VALUE PLAN MEMBERS:

- **You may only fill prescriptions for generic or brand name drugs listed on this Enloe formulary.** *(If special circumstances warrant, you may request your physician to work with Express Scripts to request prior authorization for a substitute Non-formulary prescription. To determine if prior authorization can be obtained, the physician may contact Express Scripts at 888-605-1396.)*
- **You may only fill prescriptions at Enloe Pharmacy (332-6470).** If you are filling an urgent (non-maintenance) prescription when Enloe Pharmacy is closed, you may use an *Express Scripts* network pharmacy. Call Express Scripts for urgent fills when traveling and an *Express Scripts* network pharmacy is not available.

CLASSIC PLAN MEMBERS:

- **You may fill prescriptions in all categories,** but experience the lowest co-pays with generic or formulary drugs and when you use the Enloe Pharmacy. You may request generic or formulary drugs from your physician.
- **You have a lower co-pay when you fill prescriptions at Enloe Pharmacy.** You may use an *Express Scripts* network pharmacy, but at a higher co-pay. Call Express Scripts when traveling and an *Express Scripts* network pharmacy is not available.

How to transfer a prescription to Enloe Pharmacy

You will need the prescription name and number located on your prescription bottle, the physician's name, the current pharmacy's name and telephone number. Then call Enloe Pharmacy at 332-6470 with your name, date of birth, allergies, days of medication needed (30, 60, 90) and employee ID#. Enloe Pharmacy will coordinate the transfer.

EXPRESS SCRIPTS®

2011 Express Scripts National Preferred Alpha Formulary List

The following is a list of the most commonly prescribed drugs. It represents an abbreviated version of the drug list (formulary) that is at the core of your pharmacy benefit plan. The list is not all-inclusive and does not guarantee coverage. In addition to using this list, you are encouraged to ask your doctor to prescribe generic drugs whenever appropriate.

PLEASE NOTE: The symbol * next to a drug signifies subject to non-formulary status when generic is available throughout the year. Not all the drugs listed are covered by all pharmacy benefit programs, check your benefit materials for the specific drugs covered and the copay information for your pharmacy benefit program. For specific questions about your coverage, please call the phone number printed on your ID card.

KEY

The symbol [INJ] next to a drug name indicates that the drug is an Injectable.

The symbol [OTC] next to a drug name indicates that the drug is available Over-the-Counter.

The symbol [G] next to a drug name indicates the drug is available generically.

The symbol [PA] next to a drug name indicates that a prior authorization is required before coverage.

The symbol [ST] next to a drug name indicates that a less expensive alternative is required first.

For the member: Generic medications contain the same active ingredients as their corresponding brand name medications, although they may look different in color or shape. They have been FDA-approved under strict standards.

For the physician: Please prescribe preferred products and allow generic substitutions when medically appropriate.

Brand name drugs are listed in CAPITAL letters. Example: CELEBREX

Generic drugs are listed in lower case letters. Example: ibuprofen

This is a list of formulary products only.
